CHAIRMAN'S MESSAGE

We are extremely pleased to be able to bring Llangynidr Show back to life on Sunday August 27th, 2023.

Our last show was in 2019. We had 2 years of enforced absence in 2020 & 2021 and then last year we held a village fun day to rebuild local awareness and regrow the team of volunteers. With thanks to those whose support has seen us through this difficult period, we are now able to get back

to running a full show.

This year we'll have sheep classes and horse classes, as well as a dog show, stick making, vintage vehicles and scarecrow competitions. The Garden Show will be in the village hall as usual with a wide variety of gardening and craft classes. Bwlch & Crickhowell YFC will again be running a Speed Shearing competition after the main show running into the evening.

Alongside all these competitions we have market stalls and trade stands, and shearing and spinning demonstrations. The main ring will be busy with attractions that are popular every year, including Black Mountains Falconry, Abergavenny Borough Band, Little Nippers terrier racing and much more. A range of food stands and licensed bar will help to complete your day out. A particular focus this year is on the number of local organisations running their own activities. As an agricultural show society, the livestock competitions are central to what we do, but we are also a local body supporting the community of Llangynidr and the surrounding area. As such it is excellent to see the schools, sports clubs, craft bodies, churches, charities and so many more organisations getting involved. Between us we will provide a fantastic day of entertainment at the same time as taking the opportunity to raise funds and awareness, recruit volunteers and generally get more people involved in the life of the community.

The event is run by an excellent team of volunteers, both those on the year-round organising committee and the many others who come along before, during and after the show to help out. Having chaired the society through the thin years of 2020 and 2021, I am immensely grateful to all of them for their ongoing support and for all their hard

work for the 2022 Fun Day and now the 2023 Show. I would also like to express my sincere thanks to the landowners, sponsors, advertisers and vice-presidents without whom we couldn't run. And of course thank you to you, the competitors and visitors who make Llangynidr Agricultural Show such an enjoyable and interesting day.

Diolch yn fawr - Thank you very much.
Brian Cope

SHOW OPENER

SHOWDAY CHARITY

Brecon Mountain Rescue Team

Brecon Mountain Rescue Team is a dedicated team of volunteers providing an emergency rescue service 24-hours a day, 365 days-a-year – saving the lives of those most in need, throughout mid Wales.

For more than 50 years, these dedicated volunteers have saved lives throughout mid Wales, not only on the mountains, but also in towns, rivers, and lakes across the region. We provide specialist search, medical, and rescue services, and work closely with the police, ambulance, and fire services when they receive a call for help, but are unable to find, reach or rescue those in need.

Brecon Mountain Rescue Team can access places that no other service can reach. As well as finding, treating, and rescuing walkers, climbers, fell-runners, mountain bikers and kayakers, they also assist the most vulnerable in our communities - people living with dementia, people who are depressed or suicidal, flood victims, and missing adults and children.

Television presenter, Kate Humble, who lives in the region, is the Team's Ambassador. Kate said: "The Brecon Mountain Rescue team receives no government or external funding. Its members give up their time on an entirely voluntary basis. Their dedication, professionalism and generosity has saved hundreds of lives over the years and never more so than in recent times. As someone who has spent many happy hours walking in and around the Brecon Beacons National Park, I am aware of what an enormous privilege it is to have a team such as this in the local area. The work they do for this community and its visitors is vital and invaluable".

- Brecon Mountain Rescue Team is an emergency service staffed by 60 volunteers and funded entirely by donations.
- Mountain rescue services are free to those in need because the teams are staffed by volunteers. However, equipment, vehicles and maintaining a headquarters all cost money, so those very same volunteers have to raise sufficient funds to maintain the service. It costs approximately £55,000 per annum to run the team.
- The team cover a large area, from the Brecon Beacons National Park in the South to Welshpool in the North East and Machynlleth in the North West.
- The team responds to around 120 call outs annually, with the peak season being April to September during the busy tourist season.
- The work of BMRT is not restricted to rescuing climbers and hill walkers; their skills are also deployed by the police to search for vulnerable or missing persons in the community. To find out more about Brecon Mountain Rescue Team, please visit www.breconmrt.co.uk
