Chairman's Message

We are extremely pleased to be able to bring Llangynidr Show back to life on Sunday August 27th, 2023.

Our last show was in 2019. We had 2 years of enforced absence in 2020 & 2021 and then last year we held a village fun day to rebuild local awareness and regrow the team of volunteers. With thanks to those whose support has seen us through this difficult period, we are now able to get back to running a full show.

This year we'll have sheep classes and horse classes, as well as a dog show, stick making, vintage vehicles and scarecrow competitions. The Garden Show will be in the village hall as usual with a wide variety of gardening and craft classes. Bwlch & Crickhowell YFC will again be running a Speed Shearing competition after the main show running into the evening.

This year we'll have sheep classes and horse classes, as well as a dog show, stick making, vintage vehicles and scarecrow competitions. The Garden Show will be in the village hall as usual with a wide variety of gardening and craft classes. Bwlch & Crickhowell YFC will again be running a Speed Shearing competition after the main show running into the evening.

Alongside all these competitions we have market stalls and trade stands, and shearing and spinning demonstrations. The main ring will be busy with attractions that are popular every year, including Black Mountains Falconry, Abergavenny Borough Band, Little Nippers terrier racing and much more. A range of food stands and licensed bar will help to complete your day out. A particular focus this year is on the number of local organisations running their own activities. As an agricultural show society, the livestock competitions are central to what we do, but we are also a local body supporting the community of Llangynidr and the surrounding area. As such it is excellent to see the schools, sports clubs, craft bodies, churches, charities and so many more organisations getting involved. Between us we will provide a fantastic day of entertainment at the same time as taking the opportunity to raise funds and awareness, recruit volunteers and generally get more people involved in the life of the community.

The event is run by an excellent team of volunteers, both those on the year-round organising committee and the many others who come along before,

during and after the show to help out. Having chaired the society through the thin years of 2020 and 2021, I am immensely grateful to all of them for their ongoing support and for all their hard work for the 2022 Fun Day and now the 2023 Show. I would also like to express my sincere thanks to the landowners, sponsors, advertisers and vice-presidents without whom we couldn't run. And of course thank you to you, the competitors and visitors who make Llangynidr Agricultural Show such an enjoyable and interesting day.

Diolch yn fawr - Thank you very much.

Brian Cope

We acknowledge, with sincerity, the tremendous support given by Vice-Presidents, Patrons and other anonymous donors, and others too late for inclusion here.

Linda Games Award

Each year Llangynidr Agricultural Show Society make a financial award in memory of Linda Games. Linda was not only a founding member of the Society, but a teacher who taught generations of Llangynidr children and well respected member of many of the village's endeavours as well as being well known in local agricultural circles.

The award is made to a resident of Llangynidr Parish for 'personal development'. The award was divided equally this year between two students as their applications were of equal merit.

Watch out in 'Contact' and on local notice boards for further details. Applications for the award are welcome from anyone residing in Llangynidr

The Linda Games Memorial Award is now in its second year of operation, making contributions to individuals living within the Llangynidr Community boundary to support their formal or informal education.

This year, two applicants were successful; the first is a local school pupil needing some additional support, and the second is on a six year medical course and the grant will help with books and course fees.

Best Vintage Tractor & Implement

To display your vehicle in the static display of vintage tractors,
motor vehicles and machinery contact:

Chris Griffiths 07523869464

or turn up on the day before 10:30am (village hall entrance).

The Terry Probert Memorial Shield will be awarded to the tractor and
implement that in the judges' opinion is their favourite.

GOVERNMENT GRANTS FOR HOME IMPROVEMENTS

You do not need to be in receipt of any benefits to qualify for grant funding.

Do not miss out... Grant Funding of up to **100%** is available for:

Solar Panels for Free electricity

Air Source Heat Pumps / Electric Storage Heaters

Internal Wall Insulation and External Wall Insulation

How to qualify:

Somebody living in the property only needs to meet one out of the following three criteria:

1. Anyone living in the property that takes medication for a long term health condition (eg asthma, arthritis, diabetes, depression etc)
2. If the total income of the property is < £31,000 per year (for people who are self employed this is your profit, not your turnover)
3. If anyone in the property receives Working tax credit, Child tax credit, Universal Credit, Pension Credit, Housing Benefit or certain other benefits

We are able to help if you use either Oil, LPG, Wood, Coal or electric to heat your home. Unfortunately we are unable to help if the property has mains gas central heating.

Call today for more information

Funding is limited and is strictly allocated on a first come, first served basis. Any grant funding that you receive does not have to be re-paid.

The level of funding that you may receive is based upon the amount of carbon dioxide that will be saved by installing an energy saving measure. A survey of your property is necessary to calculate this funding. All funding offers are subject to survey. Please contact us to arrange a free, no-obligation survey.

More information on the Government's ECO funding scheme can be found on the OFGEM website:
<https://www.ofgem.gov.uk/environmental-programmes/eco/about-eco-scheme>

SHOWDAY CHARITY

Brecon Mountain Rescue Team

Brecon Mountain Rescue Team is a dedicated team of volunteers providing an emergency rescue service 24-hours a day, 365 days-a-year – saving the lives of those most in need, throughout mid Wales. For more than 50 years, these dedicated volunteers have saved lives throughout mid Wales, not only on the mountains, but also in towns, rivers, and lakes across the region. We provide specialist search, medical, and rescue services, and work closely with the police, ambulance, and fire services when they receive a call for help, but are unable to find, reach or rescue those in need.

Brecon Mountain Rescue Team can access places that no other service can reach. As well as finding, treating, and rescuing walkers, climbers, fell-runners, mountain bikers and kayakers, they also assist the most vulnerable in our communities - people living with dementia, people who are depressed or suicidal, flood victims, and missing adults and children.

Television presenter, Kate Humble, who lives in the region, is the Team's Ambassador. Kate said: "The Brecon Mountain Rescue team receives no government or external funding. Its members give up their time on an entirely voluntary basis. Their dedication, professionalism and generosity has saved hundreds of lives over the years and never more so than in recent times. As someone who has spent many happy hours walking in and around the Brecon Beacons National Park, I am aware of what an enormous privilege it is to have a team such as this in the local area. The work they do for this community and its visitors is vital and invaluable".

- Brecon Mountain Rescue Team is an emergency service staffed by 60 volunteers and funded entirely by donations.
- Mountain rescue services are free to those in need because the teams are staffed by volunteers. However, equipment, vehicles and maintaining a headquarters all cost money, so those very same volunteers have to raise sufficient funds to maintain the service. It costs approximately £55,000 per annum to run the team.
- The team cover a large area, from the Brecon Beacons National Park in the South to Welshpool in the North East and Machynlleth in the North West.
- The team responds to around 120 call outs annually, with the peak season being April to September during the busy tourist season.
- The work of BMRT is not restricted to rescuing climbers and hill walkers; their skills are also deployed by the police to search for vulnerable or missing persons in the community.

To find out more about how you can support Brecon Mountain Rescue Team, please visit: www.breconmrt.co.uk

5 reasons you should sign up for a veg box today!

01- Locally grown by local people

Not only are we a local business run by and employing local people meaning you are supporting the local economy, but our veg is grown locally too, it doesn't travel far to get to you. Less food miles and reduced environmental impact. We deliver to Abergavenny, Crickhowell, Brecon, Talgarth, and all the villages between!

02- Seasonal eating

You won't be getting tomatoes in January! Seasonal eating means you get a wonderful diverse variety of veg through the year of whatever is available locally, and that means your environmental impact is reduced, and you get to try things you wouldn't usually have tried.

03- Freshly harvested

We harvest your veggies fresh, within the last day or two, it hasn't sat on a supermarket shelf. We harvest based on how many orders we have that week, so it's harvested especially for you.

04- Quality, flavour, and nutrition

This one you'll just have to try for yourself, but we so frequently get customers tell us how incredible the flavour is of our veg. That's because it's so fresh and grown with care for you and the environment. Because it's so fresh, the nutritional qualities are as high as they can be. You could only get fresher if you grew it yourself.

05- Organic certified

This is a big one for us. It's so important for our human and environmental health to not use synthetic chemicals on the food we put into our bodies or the ecosystem around us. By choosing Organic you are protecting your health, along with our soils, air, rivers, and biodiversity for your family and future generations.
